GENERAL INFORMATION

SECTION

- A. Please update your fuel account number, name and address.
 - Check all that apply:
 - Amended report Mark an "X" on the line if this report corrects information previously reported. Must use the correct quarter when filing amendments. NOTE: Amended reports will not be accepted if you are scheduled for a fuel tax audit.
 - 2) Cancel license You may cancel your fuel tax license if you no longer have current IRP registration and do not operate qualified motor vehicles in any other IFTA member jurisdictions or have intrastate operations only. Complete this report for your operations during the previous quarter. After cancellation, we will schedule an exit audit of your records.
- B. Fuel Summary: Compute fleet M.P.G. by fuel types. Divide your total miles traveled (include temp fuel permit miles) by the total fuel consumed in all jurisdictions. Carry the figure out to 4 decimal places and then round to 2 decimal places (.0050 less is rounded down and .0051 is rounded up) Examples: AVG MPG = 7.4650 = 0050 < .0051 = 7.46 or AVG MPG = 6.4851 = 0051 > .0050 = 6.49 or AVG MPG = 4.9270 = 0070 > .0050 = 4.93

RETURN COLUMN INSTRUCTIONS

- JURISDICTION: Report each fuel type on a separate line. If you have more than one fuel type to file, make a copy of the report and file both
 reports together using the tax rate chart.
- 2. FUEL TYPE: Enter the fuel type by abbreviations. One fuel type per line.
- 3. TOTAL MILES: Enter the total miles traveled in each IFTA jurisdiction during the reporting period whether miles traveled are taxable or non-taxable. Report any miles for other jurisdictions on the line labeled "NON-IFTA MILES". The total of column "3" should agree with the reported miles in part "B", Fuel summary.
- 4. TAXABLE MILES: Enter total taxable miles traveled on public highways for each jurisdiction. If you deduct tax-exempt miles, you must log these miles and provide evidence to auditors. You must pay interest and penalties on improper exemptions that are deducted.
- 5. TAXABLE GALLONS: Enter total taxable gallons for each jurisdiction, e.g.; column "4" divided by avg. MPG from part "B", (Fuel Summary).
- 6. TAX PAID GALLONS: Enter gallons bought at the pump or pumped from bulk storage if tax was paid at the time of purchase. SURCHARGE: Surcharge is calculated on taxable gallons, it is not collected at the pump when you purchase fuel in that jurisdiction. Take the taxable gallons and multiply by the surcharge rate for the tax liability.
- 7. NET TAXABLE GALLONS: Calculate the difference between taxable gallons (column "5") and tax paid gallons (column "6").
 - If column "5" is less than column "6", enter the difference in brackets. CREDIT
 - If column "5" is more than column "6", enter the difference without brackets. TAX DUE
- 8. TAX RATE: Diesel tax rates are provided on the report. If you have fuel types other than diesel, use the current tax rates listed on the reverse side. Find the current tax rate for each jurisdiction you are reporting and enter it in column "8". If you need a fuel tax rate that is not listed contact our office at (608) 267-4382 for the tax rate. You can also find the official IFTA tax rates at the IFTA Inc. web site (WWW.IFTACH.ORG)
- TAX DUE: Multiply column "7" by the corresponding jurisdiction tax rate in column "8". ENTER CREDITS IN BRACKETS
- 10. INTEREST DUE: If your report is late, you must pay interest to each jurisdiction where tax is owed in column "9". Multiply tax due (column "9") times the interest rate of 1% per month, times the number of months late. Partial month (or even one day) will be charged a full month of interest.
- 11. TOTAL DUE: Enter the total of column "9" and column "10" for each jurisdiction listed that you traveled into for this period.
 - TOTALS Enter all column totals for column "4" through column "11".
 - TOTAL MILES: The total for column "3" must match the total of all miles reported in "B" Fuel Summary Section.
 - TOTAL DUE: The total for column "11" is the difference of all credits and taxes due for all jurisdictions.

SECTION

- C. PENALTY: Reports are due on the last day of the month following the close of each quarter. e.g.; the first quarter ends on March 31, mail your report before April 30 (postmark date) or it is LATE. You must pay a penalty if your report shows:
 - 1) No Operations or Credit/Refund due returns are charged a late penalty of \$50.00.
 - 2) TAX DUE returns are charged \$50.00 or 10% of the total tax due of column "9", whichever is greater.
- D. TOTAL TAX OR CREDIT: Enter the total due or credit and penalty balance. No credits or debits will be carried over from one quarter to the next quarter.

ALL CREDITS OVER \$2.00 WILL BE REFUNDED. TAXES DUE OVER \$2.00 MUST BE SENT WITH THIS REPORT.

E. BULK FUEL: Mark 'yes' or 'no' for the bulk storage.

SIGNATURE: The licensee, corporate officer, or authorized agent must sign the report. Reports are not accepted unless a signature is provided.

EASY SUMMARY INSTRUCTIONS

"B" Fuel Summary

- 1. Total miles traveled in all jurisdictions
- 2. Total gallons purchased in all jurisdictions
- 3. Divide '1' & '2' = average MPG

COLUMNS

Please follow these instructions for each jurisdiction

- '3' = Total jurisdiction miles
- '4' = Jurisdiction miles subtract Exempt miles
- '5' = Column '4' divide by Average MPG
- '6' = Fuel purchased in jurisdiction
- '7' = Subtract '5' & '6'
- '8' = Current Diesel tax rate
- '9' = '7' time '8' (enter CREDIT in brackets)
- '10' = If late column '9' time 1% time months late
- '11' = Add '9' + '10'

Must fill total miles and tax-paid gallons
